Dermatopathologists with **Subspecialty Expertise**

Customers benefit from a nationwide team of academic-level Dermatopathologists with primary training in either Pathology or Dermatology, some with additional board certification in Hematopathology or Soft Tissue Pathology, and others with expertise in one of many Subspecialty areas of Dermatopathology.

Subspecialty Areas

- Melanocytic Lesions
- Pediatrics
- Hematolymphoid
- Soft Tissue Tumors
- Immunofluorescence
- Oral and Maxillofacial
- Inflammatory Conditions
- Alopecia
- Vulvar Dermatoses

Digital Dermpath Advantages

Cutting-edge digital solutions allow you to collaborate with our clinical team in real time.

No more waiting for the lab to pull and ship glass.

Digital consults and curbsides can be accomplished in minutes versus weeks with traditional glass.

**Optimize Patient Outcomes
with expert interpretations and consults.**
